

Council Committee Memorandum

TO: Joint Council Committee
THROUGH: Tim Murray, City Administrator
Deanna Kuennen, CED Director
FROM: David Wanberg, City Planner
MEETING DATE: February 19, 2019
SUBJECT: Update on Comprehensive Planning Projects

Discussion:

Perkins+Will (the City's Planning Consultant) continues to make good progress on the Comprehensive Plan update, the Downtown Master Plan, and the Park System Plan. The City Planner will provide the Joint Council Committee with a brief overview of the work to date and the anticipated schedule and tasks to complete the work. We have substantially completed Phase 1: Discovery, Phase 2: Integrating Vision 2040, and Phase 3: Exploration and Innovation. We are now embarking on the fourth and final phase: Action Plan (see attached schedule). The Planner will also provide an overview of the following:

1. Public participation in the planning process to date and opportunities to further public participation in the future;
2. The strong relationship between Community Vision 2040 and current planning efforts;
3. Efforts to promote clear communication of the plans to different audiences; and
4. Efforts to ensure successful implementation of the plans.

The City Planner strongly encourages Council members to ask questions and provide comments on the planning process. As the planning process moves forward, we want to make sure we are meeting or exceeding the expectations of the Council.
