

Request for Council Action

TO: Mayor and City Council
THROUGH: Tim Murray, City Administrator
FROM: Mark DuChene, City Engineer
MEETING DATE: March 26, 2019
SUBJECT: Approve 2019 CIP Purchase – Engineering
Department Plotter and Scanner

Background:

The approved 2019 Budget and Capital Improvement Plan (CIP) include \$24,000.00 for the purchase of a large scale plotter and scanner. The new unit replaces two older pieces of equipment that will be reassigned to the Community and Economic Development Department so that large scanning and printing capabilities remain at City Hall (the Engineering Department has relocated from City Hall to the Public Works and Parks Building).

Staff obtained three quotes for replacement of the plotter and scanner and the low quote is for a Cannon printer and scanner from GS Direct in the amount of \$8,515. The Capital Replacement Fund (431) will provide the funding.

Recommendation:

Approve 2019 CIP Purchase of Engineering Department Plotter and Scanner from GS Direct
