

WATERMAINS TO BE FLUSHED

Watermains in Faribault will be flushed the week of April 24th—April 27th, 2018, on four separate nights, weather pending.

Watermains are routinely flushed to clean the distribution system. Residents are advised to avoid or limit water usage during the flushing period and check for discoloration prior to using water for laundry purposes. If discoloration exists, residents should run the **cold** water tap until it becomes clear. **It is recommended that residents shut water off at the meter to avoid drawing in rust, particles, or other debris that is being flushed from the lines.**

FLUSHING SCHEDULE

Tuesday, April 24, 2018 – ZONE 1 -South of 7th St. NW, West of 9th Avenue N.W. and S.W.

Wednesday, April 25, 2018 – ZONE 2 South of 7th St. NW, East of 9th Avenue N.W. and S.W., West of the Straight River

Thursday, April 26, 2018 – ZONE 3 North of 7th St. NW, West of 8th Avenue N.W., North of Cannon River to North of 20th Street N.W.
