INFORMATION ADVISORY AND AUTHORIZATION FOR RELEASE OF INFORMATION TO SUPPORT LICENSE APPLICATION

In connection with your application for a license, you are being requested to provide information regarding your criminal background that may be classified as public or private data under the Minnesota Data Practices Act.

The purpose of the information requested in the application is to provide background for the investigation of license applicants required by the City Code. Providing the information will assist the Police Department in preparing a Background Report. The Background Report is used when granting or denying the license. All information provided in that report becomes part of the public record and is available to any interested individual.

If the license is approved, all information provided by the applicant as part of the license application becomes public and is available to any interested individual. If the license is not approved, only the name and address of the applicant and the report provided for consideration becomes public.

You have the right to refuse to supply the requested information. If you do so, it may result in the denial of your license.

A criminal charge, arrest, or conviction will not bar an applicant from obtaining a license with the City of Faribault, unless the conviction is directly related to the matter for which the license is sought, according to MN Statute 364.03. However, failure to reveal the requested criminal information will be considered falsification of the application and may be used as grounds for the denial of the license.

I acknowledge being informed of the above advisory and agree to provide the requested information. I further authorize the release to the City of Faribault of any information about my business and financial affairs, which may be requested from any firm relative to my financial background. I also authorize the City of Faribault to investigate the information provided in my application. I understand that incorrect or incomplete information provided by me in my application may be considered falsification of the application and may be used as grounds for the denial of the license.
