

## Request for Council Action

**TO:** Mayor and City Council  
**THROUGH:** Tim Murray, City Administrator  
**FROM:** Travis Block, Public Works Director  
**MEETING DATE:** January 26, 2021  
**SUBJECT:** Accept Quote for Activated Carbon at Water Reclamation Facility

---

### **Background:**

The 2021 budget has funds allocated for the purchase of replacement activated carbon media used in the odor control system at the Water Reclamation Facility (WRF). The system treats odorous air from the head-works building and trickling filter biological process.

The media has exceeded its useful life and needs replacement. Staff has obtained a quote for media from Continental Carbon Group, Ontario, Canada for \$61,600.00. Staff has previously purchased media from this vendor with satisfactory results. The quote includes freight and there is no sales tax on the purchase. The Sanitary Sewer Fund (602) will provide the funding.

### **Recommendation:**

Accept Quote for Activated Carbon from Continental Carbon Group

### **Attachments:**
