

Council Committee Memorandum

TO: Joint Committee
THROUGH: Tim Murray, City Administrator
Deanna Kuennen, CED Director
FROM: David Wanberg, City Planner
MEETING DATE: April 16, 2019
SUBJECT: Introduction of Planning Commission and City Council Members and an Update from MnDOT on Transportation Issues Affecting Faribault

Discussion:

Earlier this year, the Planning Commission requested that City Staff arrange to have a representative from the Minnesota Department of Transportation (MnDOT) update the Planning Commission on transportation issues and plans affecting Faribault. Because the City Council may also be interested in an update from MnDOT, the Planning Commission suggested that MnDOT provide its update to the Planning Commission and the City Council at the April 16 meeting of the Joint Committee. Having the Planning Commission attend the Joint Committee will also give Planning Commission and City Council members a chance to get to know each other.

After brief introductions of the Planning Commission and City Council, Heather Lukes, MnDOT District 6 Planning Director, will provide an update on transportation issues and plans affecting Faribault. There will also be time for the Planning Commission and City Council to have a brief discussion on other topics of mutual interest, including the Comprehensive Plan and Public-Institutional zoning. We have allotted one-hour for the joint meeting of the Planning Commission and City Council, including the presentation from MnDOT.
