

Council Committee Memorandum

TO: Joint Council Committee
THROUGH: Tim Murray, City Administrator
FROM: Dustin D. Dienst, Fire Chief
MEETING DATE: July 23, 2019
SUBJECT: Assistance to Firefighters Grant Amendment

Background:

On February 13, 2018, the Faribault City Council approved Resolution 2018-035, authorizing the Fire Department to apply for a 2017 FEMA Assistance to Firefighters Grant for the purchase of a vehicle exhaust capturing system. We have since been awarded the grant and have installed the system.

Discussion:

Due to a very competitive bidding process, we were able to purchase and install the vehicle exhaust capture system well under the projected amount. We have submitted a grant amendment in an effort to utilize the remaining dollars in the grant. We were notified on July 3, 2019 that our amendment was approved. The items included in the amendment are a new turnout gear washer and dryer and 40 new Nomex hoods. The total of these items is \$26,573, but the only cost to the City is \$2,657 as this grant is a 90-10 split between FEMA and the City. All of these items were budgeted for in the future, but getting them as a part of this grant saves the City money going forward.
