[22] ASSISTED 1107. SEE HIS DISPO. NFR. 1125

[23] Fire found that a part of the exhaust pipe just above the furnace was missing. It may have been cut by a hacksaw that was laying on the furnace. I inspected the saw and observed heavy dust on it. It may have been used to cut the PVC pipe years ago but had not been used recently. The two missing pieces of PVC (allowing CO into the basement) were found on the floor about 4-5 feet away from the furnace.

[24] Tenants informed me that they have let small foxes run loose in the house (even earlier today) and that they probably were jumping and bumped it. The pipes were NOT secured and were just loosely fitted. Nothing suspicious found. Tenants will clear out for the night and get it repaired (secured) tomorrow. Tenants: Mikayla Raines DOB/03-05-1995 and Meredydd Darling DOB/06-17-1984. Fire was ok with my assessment of the situation. Clear. 1107

[25] See notes. Clear. 1107

[26] FOUND BROKEN EXHAUST ADVISED HOMEOWNER NOT TO STAY THERE TONIGHT AND TO GET REPAIRED. [Shared]
